

ALLERGEN GUIDE

Please review the following information to assist you with selecting menu options that best fit your individual needs. Because of our reliance on suppliers for accurate information, shared cooking and preparation areas, including shared fryers, we cannot eliminate the risk of cross-contact or guarantee any item is completely free of allergens. Also, no items are certified as gluten-free, vegetarian or vegan.

It is possible that ingredient changes and substitutions may occur due to the differences in regional suppliers, recipe revisions and/or preparation techniques. Some menu offerings may vary by restaurant and may not be available at all locations; test products and recipes, limited time offers, or regional items may not be included in the guide.

Before placing your order, please inform your server if a person in your party has a food allergy. If you have further questions, please ask to speak to a Restaurant Manager. If you have specific questions about food allergies or sensitivities, we recommend that you contact your medical professional. This guide is updated periodically; we suggest you check back each time you dine with us.

*Due to our use of shared fryers, cross-contact may occur and we cannot guarantee that any item is completely free of allergens	*Fried	Egg	Fish	Milk	Peanut	Shellfish	**Soy	Tree Nut	Wheat	Gluten
